## CERTIFICATE OF CONFORMITY

Ref.: Aluminium foil - item no. A10309A + A10310A

Radolfzell, 01.07.2013

We hereby declare, that the above mentioned product supplied by FORA Folienfabrik GmbH complies with:

▶ EEC-regulation 1935/2004

▶ EEC-regulation 2006/2023

on materials and articles intended to come into contact with food and repealing directive 89/109/EEC

▶ EEC-directive 94/62

(The sum of heavy metal content is less than 100 ppm)

Furthermore we confirm that

▶ the raw material used meets the requirements of directive EN 573-3 and EN 602

▶ none of the raw material used has animal origin

We hereby confirm that aluminium products are suitable for the direct contact with dry and greasy food, provided that normal use of the foil is ensured.

We point out that the aluminium foil should not be used to uncover wet food on platters or dishes or food which contains acid or salt as this could cause the dissolution of the foil. Do not use aluminium foil in direct contact with very salty or acidic food.

According to our today's state of knowledge and the suppliers's declarations, our aluminium products do not contain any substances which are listed in the candidate list of substances of very high concern (SVHC) in concentration above 0,1 % (last update June 20, 2013).

The quality of our products is guaranteed by a certified Quality Management System according to DIN EN ISO 9001:2008 and according to BRC - Global Standard - Consumer Products.

Best regards,

**Fora Folienfabrik GmbH**
